

Workshop on EU and National Climate Policy
“EU and National Climate Policy: Preparing Romania’s Integrated National Energy and Climate Plan and its long-term decarbonisation”.

13 February 2019

Location: [Hilton Garden Inn](#), Strada Doamnei 12, Old Town, Bucharest 030055

A one-day workshop to discuss different aspects of the EU Climate objectives and targets, how Romania can contribute to these targets, the role of the key sectors transport, agriculture, and buildings/cities, and how to ensure good governance of the national climate and energy plans that Romania has to design and present by the end of 2019. The event will gather experts in different areas of work, such as decarbonisation of transport, governance, sustainable agriculture, low-carbon cities, etc. The event is open to civil society groups, NGOs, policy-makers and to representatives from municipalities and regions.
